

Third Level Education Costs

College doesn't come cheap and by the time a teenager reaches third level, parents are really feeling the cost of putting their children through a university or college.

Free fees, but the costs still stack up!

To give your child the best start in their adult life, you will need the finance to match their ambition. All "free-fees" third level institutions charge a mandatory student contribution of up to **€3,000 per year** for 2018/19.*

Unfortunately, this student contribution is just one of the costs likely to be incurred when putting your child through third level education. Like the contribution charge, other third level education expenses are also on the rise.

Did you know:
52% of parents of third level students got into debt to cover the cost of college.
